Dear Mr Habjan,

Through this letter I would like to express the Netherlands Embassy's moral support to this year's Ljubljana Pride Parade 2009. It is a great responsibility to promote the visibility and broader acceptance of lesbians, gays, bisexuals, transgender people and their rights, also in the 21st century.

To be sure, and this goes for the Netherlands as well as for Slovenia, it is important to continue to build bridges between, but also within societies, to take away misconceptions, to stress the importance of the equality of all human beings and to underline tolerance. Your event is an invaluable contribution to this goal.

I therefore wish you a successful parade.

Yours sincerely,

John C.M. Groffen
Ambassador

LJUBLJANA PRIDE PARADE 2009

The Nordic countries have a long history as promoters of human rights, tolerance, equality and non-discrimination. During the past decades the scope of these activities has broadened to embody also the non-discrimination of sexual minorities, of the equal rights of lesbians, gays and transgender members of the society.

The Nordic Embassies in Ljubljana are greeting the Ljubljana Pride Parade 2009 and are confident that the event will promote and encourage an open and tolerant society

We wish you success in your activities
